

One-on-One Help to Get DTV Ready Now!

By June 12, 2009, if you use “rabbit ears” or a rooftop antenna, you must take action or your TV picture — clear or snowy — will be gone. A TV converter box is one option to keep your analog television working. The Federal government is offering all U.S. households up to two \$40 coupons to help pay for the cost of TV converter boxes.

The DTV Mobile Assistance Center is coming to San Francisco, CA May 25, 2009

Come and get help with your coupon application and converter box demonstration.
